

*Tierra Prometida*

Antony Terryn & José Manuel Beneitez

2021

D . O . A R R I B E S

Tierra Prometida is a plot wine from Arribes Denomination of Origin.

Made from a vineyard located in the upper part of the Duero canyon, at an altitude of 750 metres, growing in very poor soils of granitic sands with quartz inclusions.

The vineyard is planted with local varieties, Bruñal, Juan García, Garnacha and we add Syrah. We seek the purest expression of a granitic terroir that we aim to capture and show in our winemaking.

The grapes are harvested by hand, in small boxes of 12 kilos and we harvest in two passes, adapting us to the ripening of the different varieties.

The winemaking process is based on minimum intervention, spontaneous fermentation and maximum respect for the expression of the vineyard, in order to achieve balance by blending varieties, as it was done in the past.

The wine was aged for ten months in 225 and 500 litres used French oak barrels.

The 2021 vintage was perfect for us, showing extreme freshness, which allowed us the most elegant profile of our vineyard..
