WINE MAKING PROCESS

Produced in an effort to highlight the Region's full potential for producing elegant and fresh red wines, Raza Red combines two indigenous varieties from the Vinho Verde Region: Vinhão and Padeiro. 33% of this wine fermented in a granite 'lagar' using the foot-treading method, and the remaining 67% fermented in stainless steel vats without skin contact.

TASTING NOTES

The result is a juicy, vibrant wine with notes of plum and red berries and a fresh finish.

Suitable for vegans. Service temperature: 8°C – 10°C

FOOD PAIRINGS

Light enough to sip on its own, yet perfect with grilled sardines, a charcuterie board, or even a plate of roasted vegetables.
