OTRO CUENTO

-2018-

Appearance

A bright and clean, yellowish golden colour. The wine can present with a slight sediment, as it is unfiltered to retain the maximum possible natural characteristics.

Nose

A very expressive and complex wine, with high minerality from its granitic terroir. Aromas of the variety, the wine shows citrus and stone fruit notes, light white florals, and smokiness. A touch of bakery and butter is added with time in barrel.

Palate

Long and fresh, with excellent texture. Mineral sensations and pure fruit.
