Winemaker	Bernardo Cabral		

THE VINEYARD IN 2020

The season was distinguished with a dry Spring and Summer. The grapes were handpicked between 24th August and 4th September from 3 regions: Candelária, Barca and Lajido de Santa Liza.

FERMENTATION / AGING

The delicate pressing of selected grapes provides the extraction of its better characteristics, ensuring an honest expression of grape varietal and terroir in the wine. Fermentation lasted 3 weeks at 15°C. It was left on the lees for 10 months post fermentation, adding to the depth of flavour.

TASTING NOTES

A wine with very elegant aromas, where different notes of fresh fruit, algae and minerality combine. Evolving, the wine persists vibrant on the palate with an everlasting salty finish.
